

Sophia is walking in behind Devin.

SOPHIA  
I can explain.

DEVIN  
It better be a damn good reason.

SOPHIA  
First... how did you find me?

DEVIN  
You must have forgot that we share the same B and B account. I received a confirmation email.... What are you doing in Las Vegas Sophia?

SOPHIA  
I had to come take care of some business.

DEVIN  
What business do you have here? I've never heard you mention any business.

SOPHIA  
It's complicated Devin.

DEVIN  
I've driven all this way. I have time.

Sophia sits down.

SOPHIA  
Please.. sit

Devin sits down.

DEVIN  
I'm listening.

SOPHIA  
My sister was murdered.

DEVIN  
What? You never told me that you had a sister.

DEVIN

We've been together for two years. You never though to bring her up.

SOPHIA

No...

DEVIN

Ok....I digress. Please tell me why you decided to up and leave everything behind and not tell me?

SOPHIA

I had to. I came to find out who killed my sister.

DEVIN

How do you supposed to do that? why don't you leave that up to the local authorities?

SOPHIA

They are trying to say she killed herself.

DEVIN

Then they must have probable cause.

SOPHIA

No! they don't!

DEVIN

How are you supposed to do this alone? You don't have the training for this. You are a computer engineer. How do you have experience in doing this? This is not like the movies Sophia.
